## Advertise your products and services to code officers!

*... in the official newsletter of the American Association of Code Enforcement.*

**C**ode Compliance Closeup presents an excellent opportunity to establish a presence before the code compliance community. This bimonthly newsletter includes feature articles on important community and code developments, announcements about special projects coming out of state and area agencies, employment opportunities, state news, conference information and much more.

It is avidly read by AACE members, including directors and code enforcement officers, attorneys, consultants and others involved in the code compliance process.

In addition to its membership distribution, *Code Compliance Update* is sent to state affiliates throughout the U.S. and Canada, media and

other key audiences. Our total circulation is more than 1,800.

Because code compliance is a key element in the community, our members are in an excellent position to use and recommend your company's products and services.
